

# Our Pledge 4 Inclusion

## We believe that:

1. every student, no matter their colour, race, gender, religion, cultural background or disability, has the human right to feel welcome, safe and included in our regular schools and regular classrooms;
2. supporting other students to learn and participate in our regular schools, classrooms and school activities is a privilege and duty of every student;
3. violence, bullying and harassment of a student by anyone (other students, parents, teachers, teaching assistants, even principals) is abuse and a breach of their human rights; and
4. doing nothing about the abuse or exclusion of another student is not an option – because walking by or turning our back allows that abuse or exclusion to continue.

## We will:

1. support our fellow students to feel welcome, safe and included; and
2. never walk by or turn our backs to the abuse or exclusion of our fellow students.

*Because when we lift each other up, we all get stronger.*

We are **Human Right Defenders**.

Take the Sa4i Pledge at [www.students4inclusion.org](http://www.students4inclusion.org)

**BE A DEFENDER NOT A BYSTANDER**
